

The city of Helsingborg has produced a short video together with a local poetry slam artist (S.T.I.C.S <https://sticscrew.se/> ) on the topic of *equal opportunities* in Helsingborg (released in March 2016). The aim was to communicate the inequality and unequal conditions for different groups in the city and to prevent and to raise awareness of. It also gives people an opportunity to share their own stories or thoughts on the topic in Helsingborg. The project is a part of the anti-discrimination work and the action plan *Plan for equal opportunities*. <https://www.youtube.com/watch?v=o-jYzSGo3HE>
